

ECOSCHOOLS CANADA

FINANCIAL STATEMENTS

AUGUST 31, 2024

Independent Auditor's Report

To the Board of Directors of EcoSchools Canada

Opinion

We have audited the financial statements of EcoSchools Canada (the "Organization"), which comprise the statement of financial position as at August 31, 2024, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Organization as at August 31, 2024, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the ability of the Organization to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the financial reporting process of the Organization.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Independent Auditor's Report (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Organization.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Organization to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

ECOSCHOOLS CANADA

Notes to Financial Statements

August 31, 2024

Nature of operations

EcoSchools Canada (the "Organization") was incorporated on February 27, 2017 under the Canada Not-for-Profit Corporations Act. The Organization became a registered charity effective September 1, 2017. EcoSchools Canada is a national organization that aims to nurture environmental leadership, reduce the ecological impact of schools, and build environmentally responsible school communities. As a charitable organization, it has no liability for income tax under section 149(1)(l) of the Income Tax Act of Canada.

1. Significant accounting policies

These financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations and include the following significant accounting policies:

(a) Basis of accounting

Unrestricted net assets account for the day-today service activities of the Organization.

The Board of Directors has internally restricted net assets to be used for specific purposes. These funds are not available for operating purposes without approval of the Board of Directors. The operating reserve was established by the Board of Directors to respond to varying economic conditions and changes affecting the Organization's financial position and the ability of the Organization to continuously carry out its mission. During the 2024 fiscal year, the Board of Directors approved a transfer of \$NIL (2023 - \$250,000) from the unrestricted net assets.

(b) Revenue recognition

Contributions

The Organization follows the deferral method of accounting for contributions. Restricted grants and donations are deferred and recognized as revenue in the year in which the related expenses are incurred.

Unrestricted grants and donations are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Sponsorships

Sponsorships are recognized when the sponsored events or activities are undertaken.

Certification

Certification fees are recognized as revenue over the course of the school year when services are delivered.

Contract and Program service fees

Contract and program service fees are recognized as revenue when services have been rendered.

Government subsidies

Government subsidies are recognized when the related expenses are incurred.

Notes to Financial Statements (continued)

August 31, 2024

1. **Significant accounting policies (continued)**

(c) **Short term investment**

The short term investment is recorded at cost plus accrued interest.

(d) **Capital assets**

The costs of capital assets are capitalized upon meeting the criteria for recognition as a capital asset, otherwise, costs are expensed as incurred. The cost of a capital asset comprises its purchase price and any directly attributable cost of preparing the asset for its intended use.

Capital assets are measured at cost less accumulated amortization and accumulated impairment losses.

Amortization is provided for, upon the commencement of the utilization of the assets, using methods and rates designed to amortize the cost of the property and equipment over their estimated useful lives. The annual amortization rates and methods are as follows:

Office equipment	Straight-line basis over 4 years
------------------	----------------------------------

A capital asset is tested for impairment whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. If any potential impairment is identified, the amount of the impairment is quantified by comparing the carrying value of the capital asset to its fair value. Any impairment of the capital asset is recognized in income in the year in which the impairment occurs.

An impairment loss is not reversed if the fair value of the capital asset subsequently increases.

(e) **Intangible assets**

The costs of an intangible asset are capitalized upon meeting the criteria for recognition as an intangible asset. The costs of an intangible asset comprises its purchase price and any directly attributable cost of preparing the asset for its intended use.

Intangible assets are measured at cost less accumulated amortization and accumulated impairment losses.

Amortization will be provided for, on commencement of the utilization of the asset, on a straight line basis at a rate designed to amortize the cost of the intangible asset over its estimated useful life. The amortization of the national certification platform is recorded on a straight-line basis over 5 years. Assets not ready for use are not amortized until used in a productive capacity.

An intangible asset is tested for impairment whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. If any potential impairment is identified, the amount of the impairment is quantified by comparing the carrying value of the intangible asset to its fair value. Any impairment of the intangible asset is recognized in income in the year in which the impairment occurs.

An impairment loss is not reversed if the fair value of the intangible asset subsequently increases.

Notes to Financial Statements (continued)

August 31, 2024

1. Significant accounting policies (continued)

(f) Financial instruments

(i) Measurement of financial instruments

The Organization initially measures its financial assets and financial liabilities at fair value adjusted by the amount of transaction costs directly attributable to the instrument. The Organization subsequently measures all of its financial assets and financial liabilities at amortized cost.

Amortized cost is the amount at which a financial asset or financial liability is measured at initial recognition minus principal repayments, plus or minus, the cumulative amortization of any difference between that initial amount and the maturity amount, and minus any reduction for impairment.

Financial assets measured at amortized cost include cash, accounts receivable and short term investment. Financial liabilities measured at amortized cost include accounts payable and accrued liabilities.

(ii) Impairment

At the end of each year, the Organization assesses whether there are any indications that a financial asset measured at amortized cost may be impaired. Objective evidence of impairment includes observable data that comes to the attention of the Organization, including but not limited to the following events: significant financial difficulty of the issuer; a breach of contract, such as a default or delinquency in interest or principal payments; and bankruptcy or other financial reorganization proceedings.

When there is an indication of impairment, the Organization determines whether a significant adverse change has occurred during the year in the expected timing or amount of future cash flows from the financial asset.

When the Organization identifies a significant adverse change in the expected timing or amount of future cash flows from a financial asset, it reduces the carrying amount of the financial asset to the greater of the following:

- the present value of the cash flows expected to be generated by holding the financial asset discounted using a current market rate of interest appropriate to the financial asset; and
- the amount that could be realized by selling the financial asset at the statement of financial position date.

Any impairment of the financial asset is recognized in income in the year in which the impairment occurs.

When the extent of impairment of a previously written-down financial asset decreases and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed to the extent of the improvement, but not in excess of the impairment loss. The amount of the reversal is recognized in income in the year the reversal occurs.

ECOSCHOOLS CANADA

Notes to Financial Statements (continued)

August 31, 2024

1. Significant accounting policies (continued)

(g) Management estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the current year. Actual results may differ from these estimates, the impact of which would be recorded in future years.

(h) Contributed services

The work of the Organization is dependent on the voluntary service of many individuals. Since these services are not normally purchased by the Organization and because of the difficulty of determining their fair value, contributed services are not recognized in the financial statements.

2. Financial instrument risk management

The Organization is exposed to various risks through its financial instruments. The following analysis provides a measure of the Organization's risk exposure and concentrations.

The financial instruments of the Organization and the nature of the risks to which those instruments may be subject, are as follows:

Financial instrument	Risks				
	Credit	Liquidity	Market risk		
			Currency	Interest rate	Other price
Accounts receivable	X				
Short term investment				X	
Accounts payable and accrued liabilities		X			

Credit risk

The Organization is exposed to credit risk resulting from the possibility that parties may default on their financial obligations, or if there is a concentration of transactions carried out with the same party, or if there is a concentration of financial obligations which have similar economic characteristics that could be similarly affected by changes in economic conditions, such that the Organization could incur a financial loss. The Organization does not hold directly any collateral as security for financial obligations of counterparties.

The Organization has credit risk in its accounts receivable to a maximum of \$80,801 (2023 - \$98,047).

Notes to Financial Statements (continued)

August 31, 2024

2. Financial instrument risk management (continued)

Liquidity risk

Liquidity risk is the risk that the Organization will not be able to meet a demand for cash or fund its obligations as they come due. The Organization meets its liquidity requirements by monitoring expenses against revenues and holding assets that can readily be converted into cash. The Organization has liquidity risk in accounts payable, and accrued liabilities to a maximum of \$67,207 (2023 - \$100,726).

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk, interest rate risk and other price risk. The Organization is not exposed to currency or other price risks.

Interest rate risk

Interest rate risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instruments will fluctuate due to changes in market interest rates. The Organization is exposed to interest rate risk on its short term investments as described in note 3.

Changes in risk

The Organization's interest rate risk and liquidity risk exposure declined from that of the prior year due to the repayment of the loan payable during the 2024 fiscal year.

3. Short-term investment

The short-term investment consists of two guaranteed investment certificates, each valued at \$50,000, with one earning interest at a rate of 4.9% per annum and maturing on November 17, 2024, and the other one earning interest at a rate of 4.85% per annum and maturing on January 3, 2025.

ECOSCHOOLS CANADA

Notes to Financial Statements (continued)

August 31, 2024

6. Deferred revenue and contributions

Details of the deferred contributions are as follows:

	2024 \$	2023 \$
Balance, beginning of year	377,106	241,381
Add: Amounts received during the year	845,414	709,825
Less: Amounts recognized as revenue during the year	(852,549)	(574,100)
Balance, end of year	369,971	377,106

Deferred revenue balance consists of:

	2024 \$	2023 \$
Grants	303,639	302,405
Corporate sponsorships	12,500	12,500
Program service fees	41,500	49,000
Contract fees	12,332	13,201
	369,971	377,106

7. Loan payable

The Organization received COVID relief loans under the Canadian Emergency Business Account program for the payment of non-deferrable expenses. The loan is non-interest bearing until January 18, 2024 and 33% of the loan is forgivable if the Organization repays the balance by that date. The loan bears interest at 5% subsequent to December 31, 2023 and is repayable by December 31, 2025.

During the current fiscal year, the Organization repaid \$17,500 (2023 - \$15,000) of the loan payable and the remaining balance in the amount of \$20,000 was forgiven. The loan forgiveness is recognized as a grant in the statement of operations.
